

Disclosure

Biologix Solutions LLC assesses conflict of interest with its instructors, planners, managers and other individuals who are in a position to control the content of CE activities. All relevant conflicts of interest that are identified are thoroughly vetted by Biologix Solutions LLC for fair balance, scientific objectivity of studies utilized in this activity, and patient care recommendations. Biologix Solutions LLC is committed to providing its learners with high quality CE activities and related materials that promote improvements or quality in healthcare and not a specific proprietary business interest of a commercial interest.

Biologix Solutions LLC and its authors do not have any financial arrangements or affiliations with any corporate organization. Biologix Solutions LLC is an approved provider of continuing education by accredited nursing boards (California, Florida, District of Columbia), Dental Boards and Health Departments/Licensing Agencies Nationwide.

COI/Commercial Support: The planners and authors of this course have declared no conflict of interest and all information is provided fairly and without bias. We received no commercial support for this activity and do not approve or endorse any commercial products displayed.

Off-Product Label Use: No off-product label use was discussed or recommended in this course. Participants have an implied responsibility to use the newly acquired information to enhance patient outcomes and their own professional development. The information presented in this activity is not meant to serve as a guideline for patient management. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patient's conditions and possible contraindications on dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities.
